

Welder

Description

CTS is currently accepting applications for career minded qualified Welders/Millwrights for long term commercial & industrial projects in the Pittsburgh area. We are seeking an outstanding structural welder/fabricator to be involved in all aspects of the company's steel fabrication process, focusing on excellence in detail and accuracy with both safety and proficiency foremost in mind.

Responsibilities

Responsibilities will include but not limited to:

- Perform welding duties using the Mig/Stick welding process
- Weld components in flat, horizontal, and vertical positions
- Examine materials and work piece for defects, and to ensure conformance with specifications
- Position, align, fit, and weld parts to form complete assemblies following blueprint and layout specifications
- Perform assigned work to production and quality standards
- Make routine decisions and problem solving techniques to resolve any issues that may arise
- Report and document any material, production, or quality issues
- Ensure work environment is clean and safe
- Perform routine preventative maintenance on related equipment

Qualifications

We are looking for those team members that possess the following traits:

- Must have a strong knowledge/background of welding/fabrication/Millwrighting concepts, practices, and procedures
- Must be able to legally work in the United States
- Minimum 1 year welding experience is required; 3 – 5 years experience preferred
- Keen attention to detail is required
- Needs to be competent at basic Metric measuring
- Current MSHA is required for these projects
- Good communication skills
- Ability to read and understand blueprints and shop drawings/layouts
- Ability to safely operate a fork truck
- Commitment toward quality, safety, and continual improvement
- Understanding and support of company policies and procedures
- Excellent attendance with ability to work overtime
- Must be a team player
- Great attitude
- Reliable
- Productive
- Committed to safety
- Committed to being drug free
- Valid driver's license with transportation
