

Commercial Sprinkler Fitter

Description

CTS is accepting applications for a sprinkler fitter (s) for projects in the Dayton area. By joining the CTS team, you become a member of a time-honored corps of the construction tradesmen. CTS recognizes the skills you have to offer as well as those skills that are in demand. We are not only looking to build lifelong relationships with you, but with your family as well. We treat our all tradesmen with the respect and dignity that they deserve, and appreciate the sacrifices that they make on a daily basis.

Responsibilities

Responsibilities of the electrician include but not limited to:

- Minimum 2 years' pipe fitting experience
- Commercial Construction Experience preferred
- Must know how to read drawings
- Can run, layout, measure, thread and cut pipe
- Knowledge of Fire Sprinkler Systems installation methods
- Other duties as assigned
- Adhere to all safety policies and procedures

Qualifications

We are looking for those team members that possess the following traits:

- 1-3 years' experience in installation and service of fire sprinkler systems or equivalent mechanical background
- High School diploma or equivalent required
- Reliable and self-motivated
- Effective communicator
- Capable of performing physical labor to include carrying and moving equipment and tools weighing up to 100 pounds
- Able to work in positions such as climbing a ladder, scaffolding, and high lift equipment, working within ducts, crawl spaces, above ceilings, etc.
- Must have excellent communication skills and present professionally in front of customers and general contractors
- Great attitude.
- Reliable
- Productive
- Committed to safety
- Committed to being drug free
- Valid driver's license with transportation

Job Benefits

Along with being one of the most reliable sources for steady construction employment, we also provide:

- Health Insurance
- Dental Insurance
- Paid Holidays
- Paid Vacations
- Continued Safety Program
- Tool Purchase Program
- Safety Equipment
