

Traveling Electrician

Description

As one of the nation's largest single-source providers of construction contract labor, Commercial Trade Source (CTS) is currently expanding our field team by accepting applications for traveling electricians across the United States. Along with steady work year-round, we also offer:

- Health / Dental Insurance.
- Paid Holidays / Vacations.
- Overtime Opportunities.
- Prevailing Wage Opportunities.
- Paid Apprentice Programs.
- Continued Safety Programs.
- Tool Purchase Programs.
- Safety Education Programs

CTS is the partner-of-choice for many of the top construction companies across the United States. CTS not only partnered with some of the industry giants, but also supports small and medium businesses across the country from our different regional offices. CTS is a family-owned company, and our primary goal is building lasting relationships — with contractors, industry partners, and our employees.

CTS has been long considered to be one of the most successful construction contract labor companies in the nation. CTS has been awarded by the Associated Builders and Contractors with prestigious Trolson Image Award, and has also been selected as a top place to work in 2020 and 2021. Due to its dedicated staff and strong field team, CTS has built a strong reputation and an extensive network of contractor relationships that keeps our field team employed all year long.

Responsibilities

Responsibilities of the electrician include, but not limited to:

- Plan layout and installation of electrical wiring, equipment, or fixtures, based on job specifications and local codes.
- Installs control and distribution apparatus such as switches, relays, and circuit-breaker panels; installs Buss, Busbar, electrical feeders power systems and/or switchgear.
- Connect electrical power to commercial and industrial equipment.
- Determine wiring layouts.
- Follow electrical code manuals to install and repair electrical systems.
- Install brackets and hangers.
- Bending, threading and installing conduit.
- Install, replace and repair electrical equipment.
- Pulling and installing wiring throughout structures.
- Test continuity of circuits with test equipment.
- Troubleshoot faults in electrical systems.
- Perform all other electrician duties and maintain clean and orderly work area.
