

## Iron Worker

### Description

As one of the nation's largest single-source providers of construction contract labor, Commercial Trade Source (CTS) is currently expanding our field team by accepting applications for iron workers in the New Castle area. Along with steady work year-round, we also offer:

- Health / Dental Insurance.
- Paid Holidays / Vacations.
- Overtime Opportunities.
- Prevailing Wage Opportunities.
- Paid Apprentice Programs.
- Continued Safety Programs.
- Tool Purchase Programs.
- Safety Education Programs

CTS is the partner-of-choice for many of the top construction companies across the United States. CTS not only partnered with some of the industry giants, but also supports small and medium businesses across the country from our different regional offices. CTS is a family-owned company, and our primary goal is building lasting relationships — with contractors, industry partners, and our employees.

CTS has been long considered to be one of the most successful construction contract labor companies in the nation. CTS has been awarded by the Associated Builders and Contractors with prestigious Trolson Image Award, and has also been selected as a top place to work in 2020 and 2021. Due to its dedicated staff and strong field team, CTS has built a strong reputation and an extensive network of contractor relationships that keeps our field team employed all year long.

### Qualifications

We are looking for those team members that possess the following traits:

- Must have commercial iron work experience.
- Expected to be able to work independently and with others depending on scope of work.
- Ability to communicate effectively with team and other field employees.
- Must be able to perform general physical activities common to the iron working trade.
- Strong attention to detail while producing accurate and high-quality work.
- Conceptualize concepts easily and visualize potential outcomes.
- Knowledgeable about technological developments.
- Great attitude.
- Committed to safety.
- Committed to being drug free.
- Valid driver's license with transportation.

### Responsibilities of the iron worker include, but not limited to:

- Study blueprints, sketches, or specifications.
- Build and install iron or steel girders, columns, and other construction materials to form buildings, bridges, and other structures.
- Cut, position, and bolt down steel bars to reinforce concrete.
- Repair older infrastructure.
