

Welder

Description

As one of the nation's largest single-source providers of construction contract labor, Commercial Trade Source (CTS) is currently expanding our field team by accepting applications for welders in the Pendleton area. Along with steady work year-round, we also offer:

- Health / Dental Insurance.
- Paid Holidays / Vacations.
- Overtime Opportunities.
- Prevailing Wage Opportunities.
- Paid Apprentice Programs.
- Continued Safety Programs.
- Tool Purchase Programs.
- Safety Education Programs

CTS is the partner-of-choice for many of the top construction companies across the United States. CTS not only partnered with some of the industry giants, but also supports small and medium businesses across the country from our different regional offices. CTS is a family-owned company, and our primary goal is building lasting relationships — with contractors, industry partners, and our employees.

CTS has been long considered to be one of the most successful construction contract labor companies in the nation. CTS has been awarded by the Associated Builders and Contractors with prestigious Trolson Image Award, and has also been selected as a top place to work in 2020 and 2021. Due to its dedicated staff and strong field team, CTS has built a strong reputation and an extensive network of contractor relationships that keeps our field team employed all year long.

Responsibilities

Responsibilities of the welder include, but not limited to:

- Study blueprints, sketches, or specifications.
- Operate manual or semiautomatic welding equipment to fuse metal segments.
- Calculate the dimensions of parts to be welded.
- Read, understand, and interpret two- and three-dimensional diagrams in order to fit metal products correctly.
- Inspect structures or materials to be welded.
- Ignite torches or start power supplies.
- Monitor the welding process to avoid overheating.
- Maintain equipment and machinery.
- Perform all other welder duties and maintain clean and orderly work area.
- Perform precision work, often with straight edges and minimal flaws.
- The ability to see details and characteristics of the joint and detect changes in molten metal flow.

Qualifications

We are looking for those team members that possess the following traits:

- Must have commercial welder experience.
- Expected to be able to work independently and with others depending on scope of work.
